📍 Belgrade, Serbia

EXPERIENCE

Angular Developer

Lucus Lab

📅 12/2020 - Present 📍 Belgrade, Serbia

Full service agency with a strong focus on Mobile & Web Development, Digital Marketing and SEO & IT Consulting.

- Development of web applications using the Angular framework which are currently used by hundreds of users.

Full Stack Developer(.NET + Angular + MSSQL)

Energoprojekt - Energodata

📅 09/2019 - 10/2020 📍 Belgrade, Serbia

Regional pioneer of IT development, implementation and application of a variety of business software-hardware solutions based on its own technology and resources.

- **PosteSrpske**: Engaged in a team of developers working on creating application for the entire postal system of Bosnia and Herzegovina, which includes, among other things, window application, security, working with transactions, deliveries, etc..
- **OCRisk**: This software is used by various banks and it works in sync with Abbyy(optical character recognition software) to analyze documents and create proper output such as pdf, excel, etc.. based on user input. Currently updating software from older ASP.NET Web Forms to newer .NET Core API and Angular frontend.
- Various **intranet applications** that help employees perform their daily tasks more easily.

Full Stack Developer - Internship

Energoprojekt - Energodata

📅 07/2019 - 09/2019 📍 Belgrade, Serbia

- The projects I was involved in during this internship contained the latest .NET Core APIs, Angular frontend and SQL databases, which were being used for developing large scale complex post office and banking systems for different countries .

Audio Design

Maxim Media

📅 05/2013 - 07/2016 📍 Belgrade, Serbia

Marketing agency that owns some of the most popular radio stations(Hit FM, Jat, TDI Radio, Karolina)

- Created radio commercials, jingles, music playlists, etc
